MESSAGE FROM PASTOR BOBBY

GracePointe Family,

Getting to know one another better and caring for one another is an important part of being the church. Look for and take advantage of opportunities to connect. This can happen by initiating conversation following our weekly worship gathering. You can also take advantage of special events like the Tunes & Testimonies for our ladies this Saturday or the Men's Conference coming up in October. One of

the best ways to connect is through involvement in a D-Group. You can always take initiative to invite someone over or go out for coffee. There are all kinds of options, but the key is taking the initiative to build Christ-centered friendships that enrich our lives and glorifies God.

Often, I will hear guests say they really enjoyed visiting GracePointe. As we discuss their worship experience further, it's not unusual to hear them say they sensed God's Presence. Wow! They will also mention how friendly people are, coming up and talking to them. They might even refer to there being a sweet spirit among the people. As your pastor, I want to thank you for continuing to grow in your love for God and your love for people. Jesus said those are the two most important commandments of all.

I also want the lost who don't participate in a local church to know they are loved and to hear the gospel. Pray for, look for and take advantage of opportunities to care about people who don't know Christ and don't have a local church family. They are everywhere! If you really care about them, they will be more open to hearing about Christ and accepting your invitation to join you at church. Remember, we are a missional people. Jesus came to seek and to save the lost.

I Love You!

Pastor Bobby
