

## GracePointe Small Groups

Below is a Quick-Guide for a general sense of the types of groups we offer and what you might expect. However, each group is unique and so we have also put together a catalog of the current small groups with their descriptions and distinctives.

### Quick Guide to Our Groups

- **Make-up:** We have men's and ladies as well as co-ed groups. Additionally, some groups have formed around those in similar seasons of life while others are intergenerational.
- **Time & Frequency:** Groups meet weekly. While most gather on Sunday evenings, we also have groups which meet on various weekday evenings as well as a ladies group which meets on a weekday morning.
- **Location:** Groups meet in a variety of settings including homes, the church and local businesses.
- **Study Types:** Our groups take a variety of approaches including bible book studies, topical studies, video-based curriculum, as well as sermon application and discussion groups. Some groups vary the type of study throughout the year.
- **Beyond the Meeting:** The ultimate win is when relationships form organically within the group and people spend time together beyond the group time as friends. Additionally, groups often spend planned time together doing both recreational and mission project activities.

### Next Step

For additional information including your copy of the small group catalog or to join a group, please contact the church office or complete the Communication Card provided on Sunday mornings. We'd love to have you as part of a small group family!
